LOS ANGELES DAILY TIMES.

VOL. VII. NO 2. LOS ANGELES, CALIFORNIA, FRIDAY MORNING, DECEMBER 5, 1884. FIVE CENTS.

CITY OF PARIS.

CITY OF PARIS!

The Peerless Dry Goods Emporium of Southern California.

105 and 107 North Spring Street, Los Angeles.

FROM DECEMBER 1st AND DURING THE ENTIRE MONTH WE WILL have special sales and offer lines of goods for much less than manufacturers' prices. Each day we will place on sale different lines. We will not offer any "baits," as some houses do, but every department in the house will offer some

EXTRAORDINARY INDUCEMENTS!

To purchasers. We carry none but first-class goods, from the finest looms of the world. We will not deceive the public by selling them trash that has been picked up at auction sales, and every worn-out bankrupt stock in the country, and sold under the empty promise of being "cheap," which is truthful only so far as the quality is concerned.

We buy and sell more goods than any other dry goods house in this city. No house in California sells good goods for less than we do. Our stock is the largest and finest in Southern California. An inspection of all the stores in Los Angeles will satisfy anybody of these facts.

We have only one price. All our goods are marked in plain figures; and we invite all to pay us a visit.

STERN, CAHN & LOEB.

my30 tf

GRAND PREPARATION FOR THE HOLIDAY SEASON!

Nothing to be seen left undone to secure a large and, despite the wants of the season, complete stock of goods for the holiday season, and the public will find it an object to call at the CITY OF PARIS before purchasing elsewhere, as the prices at which I am offering this

MAMMOTH STOCK

Cannot fail to secure a large share of its trade.

NOTION DEPARTMENT.

Here will be found an elegant assortment of Leather and Plush Shopping Bags, Purses, Cigar Cases, Mail Satchels, Ladies' and Gents' Jewelry, and hundreds of articles that can not be enumerated here.

LADIES' DEPARTMENT.

This department is full and running over with bargains in Hosiery, Underwear, Corsets, Gloves, Ribbons, Laces, Embroideries, Handkerchiefs, Notions, etc., etc. The stock is the largest in Southern California, and the prices cannot be excelled in this city.

GENTLEMEN'S DEPARTMENT.

This department is full and complete in every detail. The stock is the largest and freshest in Southern California, and the prices cannot be excelled in this city.

Clothing and Hats.

Good assortment and remarkably low prices.

Silk Handkerchiefs

I am confident that I can show the largest and freshest line of

Ever shown in Los Angeles.

H. B. FOX.

201 N. Spring st.

THE O. W. CHILDS TRACT!

200 Lots at $600 Per Lot,

SIZE OF LOTS 60 BY 160 FEET AND 50 BY 150 FEET.

In Payments of $25 Monthly, Without Interest.

FIRST PAYMENT, $50.

A division of the lots in six months, at which time purchasers can go upon the property and build.

Title Deeds from O. W. Childs Direct to Each Purchaser.

The finest centrally located property in the city at less price than for suburban lots, and also sold without interest on the amount unpaid.

SIX ELECTRIC LIGHT MASTS TO BE ERECTED.

This splendid tract of land, taking in Eleventh and Twelfth streets, and extending from Main to San Pedro streets, in the very heart of the

FINEST IMPROVEMENTS IN LOS ANGELES!

is now offered to the public by the owner, Mr. Childs, on terms that must command its immediate sale and improvement. Nearly every lot is

Covered With Orange and Lemon Trees,

ENGLISH WALNUTS, and vines of choicest varieties, all of over twenty years' growth. A lot on this tract needs but a cottage to form at once a beautiful home with charming grounds and improvements ready for occupancy. You are invited to view on Twelfth street, the residences of several citizens already erected on this tract. Many of these lots on Main street have been held by Mr. Childs at $1,500 to $2,500 each. Lots on Los Angeles street have been held at $1,000 to $1,200 each. There is not a lot on the tract that is not worth the Subscription Price of SIX HUNDRED DOLLARS.

THE TITLE IS PERFECT.

Streets are being opened and six masts with electric lights will be erected immediately. The division of the lots takes place in six months, at which time the purchasers meet together and choose a committee of three lots takes place in six months, at which time the purchasers meet together and choose a committee of three disinterested citizens and a recording secretary, the names of the purchasers being placed promiscuously in a box. As each name is withdrawn by one of the committee the purchaser, or his or her representative, inmediately makes a choice of one lot on the large map exhibited, and that choice, being recorded by the secretary of the meeting, is unchangeable, and will receive a deed for the same direct from Mr. Childs. This is on the plan of the best homestead associations of other cities.

THE EXTREMELY LOW PRICE

At which these central lots have been placed justifies the belief that even the least valuable one in the whole tract will be

Worth $1,000 Within the Time for Full Payment,

While others will more than quadruple the present very low rate. Lithographic maps of the 200 lots, streets, location of electric light masts, etc., etc., will be ready in a few days. As this enterprise is not a money-making one, but believed to be a great public good, aiding in the wonderful progress of our city, the books of subscription will not be placed in a real estate agency, but will be opened on

Wednesday, November 26, at 10 O'Clock, A. M.

—AT THE—

Diamond House Salesroom, No. 273 North Main Street,

J.M. DUNCAN & CO. being the sole and only authorized agents for Mr. Childs in the sale of this popular and beautiful tract.

A Cottage House on one of the San PedroStreet Lots goes with the Lot Without Charge.

WASHINGTON.

Senator Cameron's Bill to Revive American Shipping.

RESOLUTION ON THE COINAGE OF SILVER

The Interstate Commerce Bill Again Before the House—Adjournment Until Monday.

Associated Press Dispatches to The Times.

Senate.

WASHINGTON, Thursday, Dec. 4.

The following bills were introduced and referred:

By Mr. Mitchell: Granting a pension to General Grant.

Mr. Cameron of Pennsylvania submitted the following, which he desired to lie over and be printed:

WHEREAS, The shipping trade in American vessels is very much depressed, and export trade in American produce languishing for want of a market that might be reached if the shipping trade was in the hands of citizens of the United States; therefore,

Resolved, That the Committee on Finance be, and is hereby, directed to inquire whether it be expedient to expend the surplus revenue or use any portion thereof for the purpose of reviving the shipping and export trade by allowing a rebate from tariff duties on foreign goods imported in ships built and owned in the United States, and by also allowing a premium on American-grown products and articles of American manufacture exported in American vessels, and report by bill or otherwise.

Mr. Cameron will call up the resolution at an early day.

Mr. Hill submitted the following:

Resolved, That in the existing depressed condition of the industrial interests of the country, and in the presence of the great fall which has taken place and is still in progress in the wages of labor and prices of products of the farms, workshop, and mines, the recommendations of the President and Secretary of the Treasury that the coinage of silver dollars and issue of silver certificates be prohibited are calculated to create alarm and thereby aggravate the difficulties of the situation, and that to the end that the public mind may be quieted by an assurance that if the total volume of the currency is not to be enlarged in correspondence with the increasing population and exchanges of the country, it shall not at least be reduced by suspending the coinage of silver dollars, the Senate declares its opinion to be that no valid reason exists at the present time for imposing any new and additional restrictions upon either the coining of silver dollars or the issue of silver certificates.

The resolution was laid over and Mr. Hill will call it up the first opportunity.

House of Representatives.

The following bills were introduced and referred:

By Mr. Morrison: Relative to the surplus revenue; that the Secretary of the Treasury be authorized to apply the surplus revenues at any time in the Treasury in excess of $100,000,000, not otherwise appropriated, to the redemption of United States bonds, and when any of said bonds are redeemable at the pleasure of the Government it shall not be lawful to apply any portion of said surplus to the purchase of bonds at a premium.

By Mr. Cox, of New York: Requesting the President to furnish information showing the authority of law by which certain Commodores of the Navy have been given the rank of Acting Rear Admirals, when, as is alleged, no vacancies existed in the legal and limited number of officers of that grade, and also what public emergency, if any, existed to justify such action.

By Mr. Taylor of Ohio: To prohibit the removal of any honorably discharged soldier, sailor, or marine or any widow or dependent relative of the same from any office in the civil service of the United States except for specified cause.

The House resumed consideration of the interstate commerce bill.

Mr. Anderson supported the Reagan substitute, contending that it would furnish the people substantial protection against the extortion of railroad companies, though he did not think its provisions stringent enough. He doubted whether they would be effectual in preventing the system of pooling, which practically places the producers of the country at the mercy of Gould, Vanderbilt and Huntington. If the attempts so successfully made heretofore by railroad capitalists should prevent legislation in the States, or in this House, or in the Senate; if they should enter the Supreme Court to prevent just legislation, the people would damn them. Capital would then be brought face to face, not with the thinking men of the country, but with a mob. Capital itself was more at stake in securing equitable railroad legislation than farmers and producers had.

Mr. Shively, of Indiana, Calkins' successor, announced his emphatic approval of the object sought to be attained by the pending bill and Reagan substitute, and his equally emphatic approval of the substitute, as compared with the measure reported by the committee. He doubted the propriety of creating a commission and conferring upon it power as great as that exercised by the czar of Russia, on earth, and he pointed out the danger that would surely follow the concentration of that power in a few men.

Mr. Hopkins submitted a constitutional argument upon the power of Congress to legislate upon the subject of interstate commerce, maintaining and affirming the proposition, and proceeded to detail the evils which the measure now pending was designed to correct.

Without further action the House adjourned till Monday.

SPRINGER'S DRAG-NET.

Preparing to Investigate the Ohio October Election.

WASHINGTON, Dec. 4.—The Springer Committee on Expenditures in the Department of Justice, which by order of the House is to continue the investigation of the appointment and employment of Deputy Marshals in Cincinnati at the October election, will get to work shortly. The investigation will be begun in Washington, where a number of witnesses will be examined, and then the committee will go to Cincinnati. The following witnesses will be summoned to appear and testify before the committee here: James W. Donnelly, distributing clerk General Land Office; Moses R. Wright, clerk in Pension Office; E. C. Ford, also clerk in Pension Office, and John Wright, Postoffice Department; George McElfresh, ex-detective; Charles Burdle, ex-Chief Fire Department, and William Kavanagh, all of Washington. These, it is claimed, were made deputies in Cincinnati on election day. Ex-Senator Powell Clayton, of Arkansas, will also be summoned. Several residents of St. Louis, local Republican politicians, have been summoned, among them H. L. Rogers, Henry Malmstroe, and Barney Higgins.

Distress Among the Coal Miners.

COLUMBUS, Dec. 4.—Dispatches from New Straitsville says the Miners' Central Relief Committee yesterday distributed among the destitute over $2,000 cash and about $1,200 worth of merchandise in addition to large quantities of goods which have been received from Nelsonville, Buchtel, Carbon Hill and other places and ordered distributed. About $1,000 remains in the treasury at Jacksonville. Reports from quarters which are furnishing relief are encouraging. There is a great deal of suffering and sudden cold weather will increase this greatly. No material changes is reported as to the strike, except the syndicate and coal exchange say they are increasing their force daily from outside labor, and the output will soon reach a maximum.

Fund to Pay Irish Members of Parliament.

NEW YORK, Dec. 4.—T. F. Meehan, editor of the Irish-American, informed a reporter of the Mail and Express that a society in America to raise an annual fund to pay the Irish Nationalist members of Parliament will be formed. "We have on hand already $8376 as a general fund, collected up to November 20th, 1884. This amount will go to assist Parnell and other Irish patriots in the agitation of constitutional liberty for Ireland. The idea is to get $100,000 a year. Our purpose is not to have the society a political one in America. Any liberty-loving citizen can join it who desires, upon payment of $5 and $10 per annum."

Blaine's Popular Majority.

CHICAGO, Dec. 4.—The Tribune prints a table showing the popular vote for President as follows: Total vote cast, 10,041,308. Blaine, 4,844,061; Cleveland, 4,838,319; Butler, 208,553; St. John, 150,395; Blaine's plurality, 5742. The popular vote in 1880 gave Garfield a plurality of 7,018.

A Bank in Trouble.

MONTREAL, Dec. 4.—The action for $400,000 against the Ville Marie Bank brought by Bishop Tourneal of Belgium, is doing the bank very serious damage. Many depositors are demanding their money. The directors have decided to sue the Bishop for $50,000 damages.

CAPITOL GLEANINGS.

Bill to Define the Chinese Restriction Act.

Associated Press Dispatches to The Times.

WASHINGTON, Dec. 4.—The bill introduced by Mr. Glascock, to declare the meaning of certain provisions in the Chinese restriction act, passed at the last session, provides that the section prohibiting the coming of Chinese laborers to the United States within a period of ten years after the passage of the act, shall not apply to Chinese laborers who were in the United States November 17, 1880, or to those who came into the United before the expiration of ninety days after the passage of the act to which the act of July last was amendatory, and who have continued their residence therein. Any Chinese merchant residing in the United States, or who may hereafter reside therein, when leaving the United States shall have the right to demand and receive from the collector of the district within which he may reside, a certificate of identification similar to that prescribed for Chinese laborers.

DICKERLINE ROBINSON'S RESOLUTION.

WASHINGTON, Dec. 4.—Mr. Robinson of New York, has prepared a resolution, which he will offer Monday, providing for a return to the simplicity in the inaugural ceremonies as practiced by Jefferson. It prohibits the erection of triumphant arches and the display of bayonets in Washington on inauguration day, and provides that the Chief Justice shall call upon the President-elect and accompany him, either on foot or in a plain carriage, drawn by not more than two horses and without decorations or livery to the Capitol, where he shall take the oath and address such citizens as may be there to hear him.

THE SWAIN COURT-MARTIAL.

WASHINGTON, Dec. 4.—In the Swaim court-martial to-day, counsel for the accused opened his line of defense that the stock transactions between Swaim and Bateman & Co. were illegal, because there was no actual transfer of stock, and that any pretended claim of Bateman & Co. upon General Swaim for losses in these transactions could not be recovered in a court of law, as no actual shares of stock ever came into Swaim's possession, neither actually nor constructively.

CLASSIFYING POSTOFFICE CLERKS.

WASHINGTON, Dec. 4.—Delegates, representing clerks of Postoffices throughout the country, called upon Postmaster-General Hatton to lay before him a proposition to classify Postoffice clerks and place them on an equality with clerks in other branches of the public service. The delegates brought with them the draft of bill intended to secure these results, and the Postmaster-General suggested they cause the bill to be introduced in Congress, when he would pass his opinion on its merits.

CONSTERNATION IN SILVER CIRCLES.

WASHINGTON, Dec. 4.—There is some consternation in silver circles about the Capitol over the general belief that there is a heavy combination at work to bring about the suspension of further coinage of silver standard dollars. It is said that the combination includes a number of Congressmen who have heretofore been prominent in silver legislation. Cassidy of Nevada, says he thinks the Pacific coast will be strong enough to prevent the combination from succeeding.

ASSIGNMENTS TO COMMITTEES.

WASHINGTON, Dec. 4.—Mr. Sheffield, the new Senator from Rhode Island, has been appointed to membership of the Committees on Claims, Mines, and Mining, Revolutionary Claims, and Woman Suffrage. Mr. Sabin, to the Committee on Examining the Several Branches of the Civil Service. Mr. Davies, to the Committee on Naval Affairs. Mr. Slater, to the Committee on Indian Affairs. Mr. Morgan, to the Committee on Fish and Fisheries; and Mr. Manderson, to the Chairmanship of the Committee on Printing.

DOES NOT APPLY TO LETTER-CARRIERS.

WASHINGTON, Dec. 4.—To the representatives of letter-carriers who seek to secure the benefits of the eight-hour law Postmaster-General Hatton to-day formally responded that the Department never held that the eight-hour law applied to letter-carriers, and without considering the legal aspect of the case he was of the opinion, that the Department could not move in it in any manner without a clear definition of the act by Congress.

GOVERNMENT ARCHITECT.

WASHINGTON, Dec. 4.—Representative Hopkins's bill to establish the office of Government Architect provides that the President shall appoint a Government Architect, to hold office for four years. The bill also provides that the office of Supervising Architect of the Treasury and Architect of the Capitol shall cease to exist after April 1, 1885.

CONGRESS AND THE NEW ORLEANS'S FAIR.

WASHINGTON, Dec. 4.—A number of Democratic leaders in the House say no adjournment will be taken to give members an opportunity to attend the opening of the World's Fair at New Orleans. They propose to adjourn only for the usual holiday recess.

CONFIRMATIONS.

WASHINGTON, Dec. 4.—Confirmations—Frank Hatton of Iowa to be Postmaster-General; John Schuyler Crosby of New York to be First Assistant Postmaster-General.

A NEW PARDON CLERK.

WASHINGTON, Dec. 4.—The Attorney-General has appointed ex-Representative Alexander R. Butler, of West Virginia, to be Pardon Clerk of the Department of Justice.

ELECTORAL VOTES.

WASHINGTON, Dec. 4.—The electoral votes of several States were received today by the President of the Senate. The first which came by messenger was Pennsylvania. The first by mail was New Hampshire.

ARRIVAL OF JAPANESE OFFICIALS.

WASHINGTON, Dec. 4.—Colonel Oyama, Japanese Minister of War, and suit arrived in Washington to-day.

A Parlor Maid Liable.

NEW YORK, Dec. 4.—In May last William J. Phillips, of the firm of William J. Phillips & Co., produce house, absconded and left his partner to pay the debts of the firm. The Bank of Manhattan sued Richard H. Laimbeer, known as special partner, for about $50,000. It was shown that while Laimbeer had left certificate of special partnership in the County Clerk's office the record had never been made. Chief Justice Sedgwick held that as the certificate had not been recorded, Laimbeer was liable as a general partner. The jury gave the plaintiff the full verdict for $53,000.

Platform of a Spanish Political Party.

MADRID, Dec. 4.—General Lopez Dominguez has issued a Liberal manifesto in which he declares his party is the party of monarchical and dynastical ideas. It aims at constitutional reforms, giving to the people all the liberty and guarantees schools demand, trial by jury, independence of judges and administrative decentralization where compatible with the preservation of monarchy, abolishing of customs duties, making treaties for commerce in the direction of reciprocity, and assimilation of the law of colonies to that of the mother country, taking account of the special wants of the colonists.

Wm. H. Neilson's Deposition.

SAN FRANCISCO, Dec. 4.—William H. Neilson, in his deposition to-day before a notary in the libel case of Miss Hill, plaintiff in the celebrated Sharon divorce case, versus the Daily Alta newspaper, stated under oath that the letters purporting to have been addressed to Miss Hill by Senator Sharon, in which he calls her "my dear wife" and which she produced in the divorce trial, were forgeries, and that he had seen them while in process of manufacture. The statement created a sensation.

The New York Republican Committee.

NEW YORK, Dec. 4.—The Republican County Committee adopted an amendment to its constitution declaring the fundamental right of any person to be enrolled shall be that he voted for the Republican electors unless prevented by sickness, absence or other unavoidable excuse.

ENLARGED SHEET.

FRIDAY, DECEMBER 5, 1884.

Republican California.

The time is coming when California, with her vast domain filled with a population of industrious and intelligent freemen, will hold the same relative position as regards the electoral vote that New York does now. In other words she will hold the balance of power between the two great sections of the country. It is a hopeful sign for the future of this vast commonwealth that immigration in this direction is generally of the best class. It is made up largely of intelligent, thinking men; men of enterprise and progress — men loyal to the country and desirous of perpetuating the principles embodied in its free institutions. Los Angeles county has been greatly favored in this respect. With her rapid increase in wealth and population has come a corresponding increase of popular sentiment in favor of Republican ideas and doctrines. She has thrown off the yoke of the Democracy and redeemed herself from its corrupting influences and practices, and is now ready for the swift march of advancement. Every step that she is now taking is in the right direction. She is building up in her midst churches and schools and universities and colleges. These institutions do not make disloyalists. Out of them grow the love of liberty, the love of Unionism and the love for our great common country. Out of them grow hatred to treason, hatred to sectionalism, and hatred to every form of wrong and misrule that is based upon human oppression. Our free schools will create no reverence for States rights as opposed to the sovereignty of the nation, and no love for caste or aristocratic arrogance. Out of the educational system of this State will spring no Jeff Davis to flaunt the flag of treason in the face of the nation, and no defender of confederacies. California falls behind no section of the country in all that tends to strengthen the best elements of our Republican institutions; and in that not distant future when she shall hold the balance of power between the States she will be found true in her loyalty to Republican principles — to "a Government of the people, and for the people, and by the people." All hail to Republican California!

THE Cabinet makers in Washington, it seems, according to our dispatches, are to be disappointed in their endeavors to induce Mr. Cleveland to visit Washington immediately after he resigns the Governorship. It seems there is a determined movement on the part of the South to claim two Cabinet billets. The two selected are the Department of Justice and the Postoffice Department. The Southern Senators are said to be united to a man on Senator Garland, of Arkansas, for Attorney-General, while ex-Senator Henry G. Davis, of West Virginia, is supposed to be the man for the Postoffice Department. In spite of the denial of Mr. Bayard's friends there is a great effort being made to have him selected as Secretary of State, and the pressure to have him so assigned is said to come principally from Mugwump Republicans. His candidacy is not looked upon with favor by the Southern Senators, as undoubtedly he would be credited to their section, and his well-known ideas about disturbing the "composed autonomy of Government" do not altogether suit them. In other words, they want men in the Cabinet who believe in the old Jacksonian doctrine that to the victors belong the spoils. Evidently the path of Mr. Cleveland after assuming the Presidential functions will be a thorny one.

DISPATCHES from Washington announce the fact that the friends of silver coinage at the Capitol are fearful lest the recommendations of President Arthur and Secretary McCulloch in regard to a suspension of the coinage of silver dollars may be adopted at the present session of Congress. That this anxiety is not entirely groundless is witnessed by the fact that Senator Hill, of Colorado, yesterday introduced a resolution setting forth that in view of present depressed condition of the industrial interests of the country such recommendations are calculated to cause alarm, and asking the Senate to declare that no valid reason exists at the present time for imposing additional restrictions upon the coinage of silver. This is a matter that interests California and the balance of the Pacific Coast States, and no doubt the united front presented by their Representatives in opposition to the scheme will prevent any tinkering at this session.

IOWA leans towards temperance, but her people maintain their patriotism and level-headedness all the while. Out of all the votes cast at the Presidential election, only 1,300 were thrown away on St. John, the ally of the Democracy. Iowa gave Blaine a majority over the fusionists of 20,000.

THREE THOUSAND FOUR HUNDRED redshirted South Carolina Democrats propose to participate in Mr. Cleveland's inauguration. Their shirts may be red, but their principles are gray.

BELVA'S lofty idea of her "mission" in running for the Presidency is expressed by her saying that she came out of the campaign $125 ahead. She is satisfied.

VOORHEES kicks come up from the South against the proposed bargain and sale by which Roscoe Conkling is to be sent to the Senate from New York by the aid of Democratic votes.

A CLEVELAND paper hoists the name of John Sherman for President in 1888, and a Kansas paper runs up that of Robert T. Lincoln.

The Courier-Journal says of the different sections of the country: "The West is rugged, the East is effete, and the South is solid."

PETROLEUM AS FUEL.

The Recent Great Revolution in Steam-production.

Although the article called petroleum has been known for many years, it is only within the last twenty-five years that it has assumed any importance in the commercial world. Most persons of middle age remember the great excitement attending the discovery of vast deposits of this oil in Western Pennsylvania, an excitement exceeded only by that following the discovery of gold in California. Immense fortunes were amassed by the pioneers in this new industry, and it soon became a prominent article of export; but, owing to the discovery of an oil field in Southern Russia, far exceeding any in this country, our producers are being driven out of the foreign markets, and it is even predicted that within a few years the Russian producers will be competitors in our own markets. Happily, however, new uses are being found for petroleum and its products, and there is no reason to fear that the oil industry will have to be abandoned. As petroleum contains in concentrated form the elements of a perfect fuel, many attempts have been made to utilize it in that direction; but there have been many obstacles to overcome, and most of those who have undertaken the task have abandoned it.

About five years ago Mr. E. A. Edwards, of this city, who was one of the pioneer oil men of this coast, and who at that time was carrying on the business of refining oil in Ventura county, believing that petroleum was to be the fuel of the future, began a series of experiments, which he has followed up with great perseverance, and which have at last been crowned with abundant success. For the past eighteen months the heaviest machinery in Southern California, that of the Brush Electric Light Works, has been run entirely with petroleum as fuel, and it is being used also by the great Lankershim flouring mills, the Beaudry Water Works, and others. Mr. Edwards recently went to San Francisco and made a test for the sugar refinery controlled by Claus Spreckels, which proved that their works can be run more cheaply with petroleum at two dollars per barrel than with the best Welsh coal at seven dollars per ton. They consume about one hundred tons of coal per day, and will require about two hundred and fifty barrels of oil per day. The construction of a burner for domestic purposes has not been so easily accomplished, however, and although success has for several years seemed almost within his grasp, it is only within the present year that it has been attained. He seems to have been abundantly rewarded, however, for his perseverance, for his burner has been extensively introduced in this city, and those who have used them longest are loudest in their praise, classing it as one of the greatest labor-saving inventions of the age. It requires no specially constructed stove, but the burner is set into any coal or wood stove and connected by a small pipe with a reservoir of kerosene outside the building. The fire may be started with very little more trouble than lighting an ordinary gas jet. It is remarkably clean, leaving no ash, and heats the largest stove or range as effectually as either wood or coal, and much more expeditiously. It would seem that the question of a market for our oil is fully met, and it is to be hoped that the inventor will reap a reward commensurate with his untiring perseverance. Dr. Burke, who has been associated with Mr. Edwards for the past six or eight months, in introducing the burners here, has gone east to arrange for their introduction there.

CONSUMPTION

And all the various diseases of the Head, Throat and Chest, including HAY FEVER and HEART, successfully treated by

M. HILTON WILLIAMS, M. D., M. C. P. S. O.

Office at 275 North Main street, next the Diamond House, Los Angeles, California.

All diseases of the Head, Throat and Chest, viz.: Catarrh, Deafness, Asthma, Bronchitis, Consumption, Catarrhal Deafness, Catarrh of Opthalmia and Diseases of the Heart treated by the new and improved system of Medicated Inhalations, which carry the remedies directly to the diseased parts, thereby effecting cures in many of the so-called incurable cases, the greater part of whom had not the slightest idea of ever being cured.

In order to show the afflicted public how easily and quickly lung diseases can be cured by our system of practice, we append a few of the following letter from a reverend gentleman who is known by many residents of Los Angeles and all over the Southern part of Southern States, and became the subject of the letter is a day-laboring man, a blacksmith by trade, and still residing in the State of Michigan:

From Rev. L. R. Finis, D. D., President Albion College, Albion, Mich., to the pastor of Central M. E. Church, Detroit, Mich., and editor of the Christian Advocate:

DR. WILLIAMS—*Dear Sir:* I am glad to add my testimony to the efficacy of the treatment now being received. Dr. McLELLAN, of Albion, my son, then at the age of 25, was suffering from a severe affection of the bronchial tubes and lungs, so as to be compelled to keep his room, and most of the time his bed. Within the space of two weeks he was prostrated about a dozen hemorrhages, from which the ordinary remedies afforded but temporary relief. He applied to you, who supplied him with inhaling medicines, which effected an immediate arrest of the bleeding, and which has since enabled him to attend to his studies and, which fully restored him to health.

Our Eastern friends should not depend upon climatic influences for relief from this terrible fatal malady. Nearly every case requires positive medicine, to be presented at once to the offending matter—the consolidated portions of the lungs—so as to give nature an opportunity to heal them.

CONSULTATION FREE.

Those who desire to consult me in regard to their cases or the location as to climate, had better call at my office for personal advice and examination, but if impossible to do so can write for a copy of my Medical Question, containing a list of questions. Address

M. Hilton Williams, M. D.,

REAL ESTATE.

REVISED LIST!

J. W. Browning & CO.,

Real Estate Dealers,

No. 7 South Main St,

Opposite Grand Opera House, Los Angeles.

$1,800 buys an elegant lot on San Pedro street, covered with fine orange trees.

We have some very fine lots on Seventh street, from $400 to $700. These are very fine lots. Be sure and look at them before you buy.

$10,000 buys one of the finest residences in the city, with elegant grounds and excellent view.

$18,000 will buy 24 acres of the finest fruit land in the city limits; close to horse-cars; city water running through the center of tract; about 4,000 good healthy trees on the land; about 1 acre fine barn. This is one of the finest places for a nice residence in the city. It also lies in a good place to subdivide into building lots. Anyone wishing to speculate will do well to look it over.

$4,000 will buy a large, new two-story house on Fifth street, with all the modern improvements.

$2,600 buys a fine five-room cottage, with bath, marble mantels and washstands, on Flower street, next to Normal School.

$1,000 buys a very fine house on Flower street, with very handsome grounds.

$3,000 buys a neat cottage on Flower street.

$2,800 buys a new house on Temple street of six rooms.

$700 per acre buys two of the best orange orchards, 15 years old, in the county.

$750 buys house and lot near Ellis Villa College.

$250—A fine four-room, hard-finished house, within 2 minutes of horse-cars, on Pico street.

$10,000—A Rare Bargain.

Within six miles of Court-house. 100 acres, all in alfalfa and in the best condition, with two good flowing artesian wells; with a fine two-story house, 10 rooms, hard-finished, good dairy house; good barn and sheds, in which there is now stored and goes with the place, 150 tons of baled hay. The place cuts ten tons of hay per acre, on the average, each year, figure this up, and then figure up the profits of the land fruit ranch in the county, and see which you like best. One-half down, the balance on time.

Vacant Building Lots.

Workman Tract, Boyle Heights.
L. N. Breed's Tract, Boyle Heights.
Kitteredge Tract, Boyle Heights.
Spencer's Tract, Boyle Heights.
Miller's Tract, on Los Angeles and Fuller streets, Walnut and Gary avenues.

Lots in the Sisters of Charity Tract.

Wilcox' addition to Morris Vineyard, on Pine, Morris and C arity streets.

13 lots on Seventh, San Pedro and Earle streets. About 100 lots on Pearl, Flower, Hope, Charity, Olive, Hill and Fort streets. Also on Seventh, Orange and Ward streets. In fact, if you want a lot come and see us, and if we have not got what you want we will soon be worth your while to look any further.

100 lots in the Jefferies tract, from $130 to $220 a lot. These lots are covered with fine fruit trees and vines.

500 lots in University tract, West Los Angeles, $600 each; $50 down, balance from 1 to 10 years.

$6,000—A Very Rare Bargain.

20 acres, all fenced, with over 1,500 bearing fruit trees. The fruit raised from these trees sold for over $1,200 this year. Besides that there was 38 tons of hay, which sold for $9 per ton on the ground, making a net income this year of $1,625. Besides this there are for improvements, a new house costing $1,600, with bath, and piped for hot and cold water. There is also a good barn, carriage house, two wells, two windmills and tanks, one of which is new this year, and in fact improvements costing $2,500 in gold cash. If you want a good home look at this. If you want to speculate be sure and see it. Only 40 minutes ride from Courthouse. Price only $6,000, one-half down and balance on time.

$3,500—Look at This.

2½ acres on horse-car track, with good house of 7 rooms on it, fruit trees, and vines. What do you ask for anything cheaper or better?

$1,300—Can it be Possible?

Come and see us and we will prove that it can be possible that you can buy ONE ACRE of finely improved land, all covered with fruit trees, and on which there has just been built a fine 5-room house; good well water, with pump; everything in good working order and only a little ways from business. Don't talk of high prices say more after this offer.

Five, ten, twenty, forty-acre tracts at $50 per acre four miles from Courthouse.

$250—Twenty acres can be bought for $250, within ¾ of a mile of horse cars; $250 down and balance on time. This is a No. 1 land.

$12,500—One of the finest residences in the city, this side of Sixth street, on Main.

$5,000 buys a very highly improved place on Washington street. Have you ever seen one of these fine houses, and do you want one? If so, come and see us.

At the University.

If you want anything that way we are the agents for the most of it—that is for sale.

If the TIMES did not charge so much for advertising we could give you a list of bargains that would surprise you. no11

REAL ESTATE.

The 76 Land ad Water Company

OF FRESNO AN TULARE COUNTIES.

CHOICE

Fruit, Vine, Alfalfa

—AND—

GRAIN LANDS

With Water for Irrigation.

Location—The lands of the 76 Land and Water Company are located in Fresno and Tulare counties, California.

Water—These lands are irrigated by the 76 Canal, which takes its water out of King's River, above all dikes, is 100 feet wide on bottom, with capacity to irrigate 250,000 acres of land.

Quality—The soil varies in character, among which are as colorated Red Land, White Ash or Pumice Sandy and Clayey Loam and Dry Bed.

Adaptation—Grapes (wine and raisin,) all varieties of Fruit Alfalfa, Corn, Potatoes, Wheat, Barley, Broom Corn, etc., etc., all of which can be produced in immense quantities.

Health—One of the most healthy locations in the State; summer days warm, but not oppressive; nights cool.

Leasing—Lands rich water, for term of years, for cash or portion of crop.

Colony Lots in tracts of 20 acres each, adapted to fruit and vines, within one mile of R. R. station at Traver, at $40 per acre, with permanent water right.

Prices—From $100 to $40.00 per acre, with permanent Water Right included.

Terms—One-fourth cash; balance in 3 years, interest 8 per cent. per annum.

Title—Perfect. U. S. Patents.

Values—Land is rapidly enhancing in value, and no better opportunity can be found for an investment.

O. W. CHILDS' TRACT.

Opinions of the Press Upon the Enterprise.

A NEW ENTERPRISE.

Opening of the O. W. Childs Tract.

From the Los Angeles Daily Times, Nov. 23.]

An important improvement and enterprise will be inaugurated in a few days on South Main street. The O. W. Childs tract, comprising six blocks lying between Main and Pearl streets, will be subdivided and placed on the market in lots. These lots, valued at the uniform price of $600, are to be sold on a plan by which the buyer of a lot pays $50 down and $25 monthly installments for twenty-two months, at the end of which time, or before, he pays up in full and receives a deed from Mr. Childs. The position of his lot is determined by chance, the lots being arranged by a committee selected by the shareholders, each shareholder having an equal opportunity at the expiration of six months, at which time the meeting for division takes place. The tract is to have new streets opened through it as speedily as possible, and every block will be lighted by an electric mast. The land is covered with fine deciduous and semi-tropical trees, and the property is considered among the most valuable outside the business portion of the town. There are many fine houses now on the tract. Water and sewer pipes can easily be laid, and the proprietor will spare no expense to make the enterprise a success. It is almost certain the lots will double in value at the year. The subscription books are to be opened at the office of J. M. Dimock & Co., of the Diamond House, will not be long.

VALUABLE REAL ESTATE.

The O. W. Childs Tract to be Divided and Placed on the Market.

From the Los Angeles Evening Express, Nov. 22.

The O. W. Childs tract, which comprises six complete blocks and portions of twelve others, bounded by Pearl street, opposite the residence of O. W. Childs, and running back to San Pedro street, and now covered with orange trees, will be placed on the market in twenty years of age, is about to be divided into 200 building lots and disposed of in a manner that will be unique in the history of real estate. The new houses costing $1,600, with bath, and piped for hot and cold water. There is also a good barn, carriage house, two wells, two windmills and tanks, one of which is new this year, and in fact improvements costing $2,500 in gold cash. If you want a good home look at this. If you want to speculate be sure and see it. Only 40 minutes ride from Courthouse. Price only $6,000, one-half down and balance on time.

$3,500—Look at This.

ASSIGNEE'S SALE.

I WILL SELL AT PUBLIC AUCTION ON Dec. 5, the L. O. Thompson & Co's agricultural works, Stockton, Cal., consisting of wood and iron-working machinery, buildings, etc.; also the leasehold interest to the ground the buildings now stand on. This is a splendid opportunity for any one wishing to engage in the manufacturing business. It is well located, and the late fire having burned out one of the largest planing mills in the city, makes this property more desirable. The works can be kept running constantly on outside job work. For full particulars write or call on the undersigned.

The right is reserved to reject any or all bids. Sale on the premises at 2 p. m.

12:15 P. M.	30.13	66	Calm	0	Clear.
9:15 P. M.	30.13	55	W	0	Clear.

Maximum thermometer, 73.9; minimum, 44.0.

Notice to Subscribers.

City subscribers to the TIMES are requested to promptly report any neglect of the carriers to deliver the papers regularly or on time. Any carrier who fails to deliver a paper is charged with the same, if notice is sent to the office.

LOCAL DOTS.

The new Council will take charge of municipal affairs Tuesday, December 16th.

The Baker excursion left Chicago yesterday and is due in this city next Wednesday.

Fine white silk initial handkerchiefs. J. T. Sheward.

No finer dolls on the coast than those of the New York Bazar, No. 52 North Spring street.

Elegant embroidered silk handkerchiefs. J. T. Sheward.

Cable road through Temple street. Read V. Beaudry's sale, December 23d and 23d.

Children's ready-made dresses and aprons at the New York Bazar, No. 52 North Spring street.

Now is the time to buy handkerchiefs. Over 2,000 dozen to select from. J. T. Sheward.

Money to loan by John S. Calkins room 6, Schumacher block, opposite Postoffice.

Prohibition meeting to-night at Good Templar's Hall 7½ o'clock. Public invited.

Handkerchief sale to-day. J. T. Sheward.

You can buy a five-gallon can of turpentine for $2.25, or one gallon for 50c at Newton, Chaplin & Co.'s, No. 207 North Los Angeles street.

Prepare for Christmas by attending the great 50 cent sale of J. T. Sheward.

The following papers were filed in the office of the County Recorder yesterday: 19 deeds, 8 mortgages, 6 satisfactions, and 13 miscellaneous.

Our big dress goods sale contains some excellent bargains. Dress goods $1, worth from $1.50 to $2.50. All the latest goods in the market. Come in and see them. J. T. Sheward.

A new electric light was turned on last evening on the corner of Los Angeles and Requena streets. It is supported by private subscriptions, and will run all night.

50,000 articles all marked at one price, 50c. J. T. Sheward.

Rev. C. M. Butler, D. D., lectured in St. Paul's school building last night on the "Life and Times of Sir Philip Sydney."

Attend the great 50c. book sale of J. T. Sheward.

Do you want a lot where you can enjoy a fine view of the city and its surroundings down the ocean? Buy at V. Beaudry's sale, December 23d and 23d.

The place to buy your new and second-hand furniture, carpets, etc., is Allen's, 32 South Spring street.

New cable road. Do you wish to buy a lot at your own price and choice? Read V. Beaudry's sale, December 23d and 23d.

Another large lot of new goods opened up this day. It will pay you richly to attend our great 50c. sale. J. T. Sheward.

$5,000 worth of second-hand furniture wanted at William S. Allen's, 32 South Spring street—Allen & Thomson's old stand.

Richardson & Son, whose card appears in another column, have fifty fine oil paintings, suitable for holiday presents, for sale cheap.

Harnessmakers, contractors and others, look at the advertisement of John C. Bell, the auctioneer, in another column. Tomorrow at 11 o'clock, on Los Angeles street, shovels, picks and iron bars, etc.

Information wanted of the whereabouts of Mary Gorman and Tency Young (both formerly Mary and Tency Stedler, of Hermann, Mo.), by the undersigned. Edward Nesenbahn, United States Hotel city.

Mr. J. E. Toberman has growing on his place on Pearl street a cocoanut and pineapple tree. Both are in fine condition and growing rapidly, but the prospect for bearing any fruit is not particularly brilliant.

A woman's relief corps auxiliary to Frank Bartlett Post No. 6, G. A. R., has been organized in this city. The following officers were installed night before last by Col. A. H. Miller: President, Mother Ramsou; Sr. P., Mrs. Roth; Jr. P., Mrs. Arey; Treasurer, Mrs. Binckly; Secretary, Mrs. Fonck; Guard, Mrs. Van Benkirk; Chaplain, Mrs. Hall; Conductor, Mrs. Miles.

Superintendent Welch, of the Southern California Packing Company, desires to call the attention of fruit-growers to the importance of killing off the mischievous linnets. These little birds are now devouring the buds on the apricot trees, and a few hundred in a large orchard will literally destroy the crops in a short time. An apple impregnated with strychnine, suspended in a tree, is an effective remedy, and a good shotgun is also very useful.

PERSONAL MENTION.

Mr. Fiegel, a leading car manufacturer of New York, is a guest at the Kimball Mansion.

Frank Lomberger and family, of British Columbia, have come to Los Angeles to make this place their home.

Otis D. Crocker, of Cleveland, Ohio, was in the city a few days ago, and left for Arizona to look after important mining interests.

J. M. Steward and wife left by train for San Francisco yesterday, to be gone some three weeks. Returning, they will go to the World's Fair at New Orleans.

Messrs. W. C. McPike (a large wholesale druggist), S. C. King, and W. H. McNeil, all of Atchison, Kansas, are traveling over Southern California in search of pleasure.

Chas. Maltby, Deputy Collector of Internal Revenue, arrived from Stockton last Saturday, and has assumed his new duties at the San Gabriel bonded warehouse.

Dr. and Mrs. Wm. Channing, of Providence, R. I., are guests at the Kimball Mansion. Mrs. Sanders, their daughter, accompanied by her husband, are also with the party.

Mr. Louis Krueger, a prominent citizen of Cleveland, Ohio, is stopping at the St. Charles. Mr. Krueger is delighted with our glorious climate, and intends to spend several days at the handsome home of Mr. R. Verch, at Wilmington, before his return to the cold region of Ohio.

Mrs. Emma H. Adams, correspondent of the Cleveland Leader, who has been sojourning in Los Angeles for many months, leaves for San Francisco next Tuesday, intending to spend some time there and perhaps go further north, or to Japan. Mrs. Adams has sent a series of well-written, meaty, and interesting letters to the important journal she represents, descriptive of Los Angeles and vicinity. She is a very good correspondent.

AT THE HOTELS.

St. Elmo.—S. Sulig, C. Macauley, San Francisco; G. W. Conway, Sacramento; H. Mansfield, New York; O. Steiner, Petaluma; G. Summons, A. F. Merlin, J. J. Bloom, J. G. McBride, San Francisco; H. H. Smith and wife, Connecticut; J. B. Brown, Ohio; T. B. Gaffner, New York; O. G. Wood, D. F. Dillon, S. Baruch, S. Lowengrund, A. E. Guernsey, San Francisco; Mrs. H. Strong and child, Chicago; Miss Emery, Denver; A. Lincoln, Virginia; Col. A. E. Head, G. L. Carroll, L. Vann, Deming; J. F. Crank, Fair Oaks; N. C. Carter, Carterhis; E. Stanton, San Francisco.

Grand Central.—E. O. Evo, Stockton; E. Smith, Philadelphia; G. L. Tarleton, San Pedro; A. C. Claremont, Wilmington; A. W. Hall, San Pedro; M. Meredith and daughter, E. Meredith, Pittsburg; Lewis Park, Chicago; J. B. L. Hewry, St. Paul; Minn.; Pritchney Farr, San Diego; H. C. Phillips, New York; P. B. Michel, Pomona; H. A. Huntington, Redlands; Frank Ames, Denver.

SPECIAL NOTICE.

Copies of the DAILY TIMES of Thursday and the MIRROR for the current week may be obtained at the TIMES-MIRROR business office, price five cents per copy. Both papers contain the great review of the progress, business interests and resources of Los Angeles City and County, and are valuable numbers to keep for reference or send to Eastern friends. Postage on either TIMES or MIRROR one cent to any part of the United States.

Ladies' Benevolent Society.

The eighth annual meeting of the Ladies' Benevolent Society was held on Tuesday, Dec. 2nd, in Good Templar Hall. The meeting was well attended, much interest was shown in the good work accomplished by the society. Reports of the Treasurer and Secretary were read. We find that the drain on the funds of the society for the past year have been very great; 149 appeals answered, amounting to $1,211.65, while then has only been $676.35 added to the treasury. An immense amount of clothing has been distributed and the wants is still paunerous. It is sincerely hoped that the kind public will take interest in this good work and show their appreciation of the arduous labors of the society by helping in every way possible. The society wishes to extend their heartfelt thanks to the many kind friends who so willingly lent them a helping hand; to the Good Templars for the use of the hall; to the medical profession, and the Los Angeles press for their many kind favors.

Officers elected for the coming year: Mrs. E. Ducommun, President; Mrs. B. Chandler, Vice-President; Miss Clara S. Wollweber, Secretary; Mrs. I. W. Hellman, Treasurer. Trustees—Mrs. H. Newmark, Mrs. S. Heilman, Mrs. O. A. Wheeler, Mrs. P. Hirschfeld, Mrs. H. Bath.

The Stannus Benefit.

The benefit given Wednesday night in Y. M. C. A. Hall for Miss Rose Stannus by her scholars, was largely attended. The programme was very pleasing, and greatly appreciated by the audience. It consisted of dramatic readings and recitations and music. Following was the programme: Quartette, Messrs. Christiansen, Booth, Manning and Hart; selections, "Jannis," and "Miss O'Rafferty on the Woman Question," by Miss Stannus; "Old Huldah," by Miss Lizzie Wilcox; violin solo, by Robert E. Paulsen; reading, "Creed of the Bells," by Miss Stannus; vocal solo, "The Village Blacksmith," by James Booth; reading, in costume, "Searching for the slain after the battle of Gettysburg," by Miss Stannus; instrumental solo, by Miss Baxter; vocal solo, "The Day is Done," by Miss Nettie Palmer; recitation, "The Lost Heir," (in character), by Miss Stannus; quartette, by Messrs. Christiansen, Booth, Manning and Hart.

It is Not a Dude.

Some days ago the TIMES made mention of a curious insect captured by N. C. Carter, and suggested then that from its appearance it is a Georgewilliamcurtis sort-of-a-bug. D. W. Coquillett of Anaheim writes:

"That 'What-is-it' insect noticed in the last week's TIMES as coming from N. C. Carter, was doubtless a *Mantis*, a grayish-brown, six-legged insect, about two inches long, with a robust hind body and a slender breast, the head being somewhat heart-shaped. You will find a figure of it on page 40 of Mr. Matthew Cook's book entitled 'Insects Injurious and Beneficial.' It is predaceous, and hence should be protected."

The defense is satisfactory, and relieves the insect of all mugwumpian imputations. It is not a dude.

Woman's Home.

A Woman's Home, an institution which is a necessity in every city, has been opened within a few weeks, at 123 West Fifth street, under the superintendence of Miss Cleveland, whose large-hearted philanthropy was so largely instrumental in securing to Los Angeles the Orphan's Home, an institution of which the city has just reason to be proud. At this new Home respectable women who are in need of accommodations—of a place that will answer to the home life—will find their desires satisfied here; ladies thrown upon their own resources, or to the city unprotected and in search of employment, will here find protection and care, and such assistance as can be rendered them in their efforts to secure situations. Young girls and women desirous of becoming self-supporting, who are inmates of the Home, will be taught sewing, the cutting and fitting of garments, and thus be placed in the way of becoming self-sustaining and independent.

It is a noble project, and commends itself to every one interested in the welfare of women. Let the public heartily co-operate with Miss Cleveland in this praiseworthy enterprise.

A Tandem Bicycle.

Mr. C. H. Wedgwood of this city has completed a tandem bicycle after several months experiment. It has been tried several times without success, but this afternoon, everything being in readiness, another attempt was made, and everything worked to his entire satisfaction. It consists of two front wheels of an "Harvard" bicycle, connected with a peculiar "backbone," constructed of a piece of one and a quarter inch pipe, with a union coupling in the center. The object is to have two men ride on one bicycle, each one riding on one wheel, and propelling his own wheel independent of the other. There have been several of these machines made and ridden in the East, but this is the first one on this coast.

The machine was ridden yesterday by Wedgwood with one wheel in front, and J. W. Blake on a 52-inch wheel in the rear. They took a tour around the city and astonished the people, as well as themselves, with their success.

Produce Exchange Committee.

Following are the committees appointed by the President of the Produce Exchange for the ensuing year: Membership—J. J. Mellus, S. P. Mulford, Charles Prager. Information and statistics—John M. Davies, John S. Carr, Henry Sherwood. Classification—John R. Mathews, F. Lambourn, J. J. Melius. Quotations—E. Germain, John R. Mathews, John M. Davies. Finance—M. D. Johnson, J. H. Polhans, A. W. Porter. Arbitration—George D. Rowan, H. Newmark, D. E. Miles. Appeals—J. H. Seymour, A. N. Hamilton, William F. Turner, H. W. Hellman, I. N. Van Nuys.

A New Lodge.

A new lodge of Free and Accepted Masons was organized Wednesday evening under the name of the Southern California Lodge, with twenty charter members. B. F. Dupuy was elected Master, N. F. Story, Senior Warden; F. C. Woodbury, Junior Warden; E. F. Spence, Treasurer, and F. N. Pauly, Secretary. The lodge is organized under very favorable auspices with every prospect of success.

The New Mining District.

A party of six prospectors left this city Wednesday for the new mining region in the Big Tejungo country, some thirty miles north. The assays of the croppings from the new-found ledges averaged $80 per ton in gold. The character of the rock is pronounced by experts to indicate permanency in the vein. The locators are very happy in their discovery.

The Yuma Bridge.

The new bridge of the Southern Pacific over the Colorado river at Yuma is finished, and trains are now passing over it. The bridge, a Howe truss, is a magnificent structure, and consists of three spans, one of 300 feet and two of 160 feet. It also has a 16-foot draw. It is proposed to put planks down each side of the track and make a foot and wagon bridge.

Mrs. Kasten's Case.

The case of Mrs. Kasten, charged with an assault upon John E. Plater with intent to murder, was before Judge Smith of the Superior Court yesterday. District Attorney White appeared for the prosecution and George W. Knox for the defense. A plea of insanity was made.

AMUSEMENTS.

CHRISTMAS CONCERT.—A grand concert is announced to take place at the Opera House on the evening of December 14, presided over by Madame Lassangne, assisted by some of the best musical talent of Los Angeles. The Madame has a fine musical reputation in London, as the following extracts will show. Of one of her concerts the London Daily Telegraph said: "Mrs. Lassangne sang as she always does, like a true artist. Her voice, pure and sonorous, filled the large hall, which was crowded to excess, with the greatest ease."

The Illustrated London News said: "The finest of these gems were those given by Mrs. Lassangne, who exerted her great powers with striking effect and frequently roused the enthusiasm of her audience. We may say indeed that every one of them, without exception, was vehemently encored."

The Era said: "Mrs. Lassangne can but congratulate herself upon the appreciation by the public of her individual efforts as a vocalist. She was cheered again and again last evening, and evidently made a great impression in every one of her songs."

A committee of ladies have volunteered for the private sale of tickets, and a crowded house is assured. The first choice of reserved seats may now be procured of Mrs. Lassangne at 3 South Fort street. Notice of other places where tickets may be secured will appear shortly.

Molecular Telephone Company.

I am informed that it is reported by agents of the Bell Telephone Company among the citizens of Los Angeles:

First—That the Molecular Telephone Company have not an exchange established in the United States.

Second—That the decision against Drawbaugh in New York before Judge Wallace settles the Molecular case.

The following letter and telegram will explain the position the Molecular Company occupy regarding the Drawbaugh suit and fully answer the question of existing exchanges:

OGDEN, Utah, Nov. 11, 1884.

S. K. SEWALL—*Dear Sir:* The Molecular Telephone Company of Ogden is doing not only very well, but better than their most sanguine expectations, which, considering the cowardly action of the Bell, is very encouraging to the Molecular subscribers as well as to the stockholders.

They expect to open right with the Bell Company in the form of either an injunction or an open suit of rates, neither of which has the Bell dared to undertake; but have through their officers gone from person to person notifying them that they were going to enjoin them in first, as soon as the company received any instruments other than the "Bell." After receipt of instruments there they would enjoin as soon as a company was incorporated; after incorporation as soon as they commenced operations. The Molecular Company has to-day (although the Company is only three months old), more miles of wire on poles in Ogden than the Bell Company, although the Bell Company is six years old, and further, the Molecular Telephone Company has one hundred and seventy-two contracts signed for rent of instruments, with fifty in position—and pronounced by all subscribers as superior to the Bell—with fifty more on the way and fifty more just ordered, all of which will be in position before January 1st, 1885. The Bell Company cannot show a subscription of more than 136 names.

The Molecular Company has a switchboard that for rapid and sure connections is far better than any board I have ever seen, and I have seen and used most of the different styles adopted by the Bell Company. As to wire we have fifty miles on the poles in this city.

Very respectfully,
(Signed.) A. W. BROWN,
Manager.

NEW YORK, Dec. 3d, 1884.

To S. K. Sewall, Los Angeles: The preliminary injunction against Drawbaugh is made permanent. Decision in no wise affects status of this company.

(Signed.) MOLECULAR TELEPHONE CO.

An exchange will be established in Los Angeles as soon as permission can be obtained from the City Council to erect poles and run wires, and members of the exchange will be guaranteed against any liability from invalidity of patents.

S. K. SEWALL,
Room No. 7 Downman Block.

What You Know

When you subscribe to a lot in the splendid tract now offered by Mr. O. W. Childs.

You know that you are buying a large lot in the very center of city improvements, at one-half the price usually asked.

You know that your house, if you build one, will be in the midst of beautiful homes of reputable citizens.

You know that your lot, in any location in the tract, is worth to-day more than you are paying for it, though you are buying on two years credit, without interest.

You know that croakers and faultfinders are always behind the times, and remain poor and homeless to the end.

You know that the almost universal verdict is in favor of this splendid property, and that if you lose this opportunity twice the sum now asked will not give you so good a homestead again.

You know that in the 300 lots offered there are 43 on Main and Los Angeles streets, worth from $1,000 to $2,500 each, and that all the other lots are cheap to-day at from $600 to $1,000.

You know that you can give your family vineyard and orchard, for trees and orange groves by paying $25 per month.

And you know that improvident croakers and fault-finders spend more than that for whisky and tobacco, and their wives and children are in rented rooms till they grow old and die.

The City of Paris.

The City of Paris, the great wholesale and retail dry goods emporium of Southern California, is daily crowded with a host of customers eager to purchase the splendid lines of goods now being offered at greatly reduced prices. A glance over the counters of this popular establishment will show a list of bargains seldom equaled. There are silks, cloaks, dress goods, fancy goods, hosiery, ribbons, neckwear—all first-class articles from the finest looms in the world. During the Holiday season the City of Paris people will continue to offer extraordinary inducements. Call and see.

Dolls.

That Christmas and Santa Claus are coming is plain to be seen from the stocks of dolls in the show windows this year. They are larger, prettier and cheaper than ever. They open and shut their eyes, squeak when pressed, walk when wound up, have real hair, and are as big and almost as handsome, but no comparison in value, beauty or loveliness with the little tots whose hearts they are destined to make happy on Christmas morning.

New Pipe Factory.

Messrs. Culver & Partridge have established a factory on Aliso street, back of the Chinese theater, for the manufacture of their new water pipe. It consists of two thin sheetiron pipes riveted together and having a coat of asphaltum inside and outside, and between the two sheets. They claim that it is far superior to any other kind of water-pipe invented. Mr. J. P. Culver is recently of Tucson, and has come to Los Angeles with his family to reside.

Printer's Ink.

The San José Mercury is responsible for the statement that from one to five tons of reading matter, consisting of newspapers, pamphlets and circulars about Los Angeles county, are distributed each month in Chicago, and thinks that if a similar effort was made on their part its county might roll up a big population likewise. Try it.

A Fish Story.

A jew-fish was captured at San Pedro on Tuesday which weighed 263 pounds. The flesh is white like that of halibut. This monster of the "vasty deep" was brought to Los Angeles, and was divided among the fish merchants. The hide is tough, and makes good leather when tanned.

Discharged.

The railroad company are laying off a large number of employes. Eleven were discharge from the machine shops alone Tuesday.

Bonds Filed.

The following bonds were filed with the County Recorder yesterday: F. P. Pierry, O. A. Stevens and H. Egan, Justices of the Peace; Joel C. Leighton, Rudolph Bohm, S. E. Arnett, C. W. Beard, J. W. Wright, Constables; Jacob Ross, Supervisor.

ENTOMOLOGY.

A Movement to Endow the Chair in the State University.

At the State Fruit Growers' Convention held last month a resolution was passed urging the introduction into the public schools of the study of Economic Entomology. C. H. Dwinelle, of Berkeley, read a paper upon the "Need of a General Knowledge of Insects," and proposed that the want should be met by providing the funds necessary to enable the Regents of the State University to fill the Chair of Entomology, which they established several years ago.

He said: "I see gentlemen here who could well have afforded to have done that ten years ago." "It would have been thousands of dollars in their pockets, and I do not think they will question my figures." "I have known of their spending $1,500 in a month, apiece, in fighting their pests, which they and their neighbors ought to have known all about, and to have stamped out in their incipiency."

The proposition was strongly approved of by Prof E. W. Hilgard of the State University, Matthew Cooke, Dr. S. F. Chap
